BLACKSTONE ISLAND

Notes Diverses

Parmi les différentes équipes de super héros œuvrant dans Halcyon City, l'une des plus renommée est l'équipe des Vigilante.

Parmi ses membres :

- Weekend (Pyrotechnie) Le leader
- Rorshard Le Traître
- La sorcière blanche Connaissance Kévin

Le dernier grand vilain s'appelle Gravito. Il a été vaincu par les Vigilante, qui l'ont poussé dans un puit sans fond dans lequel il ne cesse de tomber.
